Re: Use of Social Security Number (SSN) and Individual Tax Identification Number (ITIN)

Due to my transitional immigration status, I currently use the following SSN for the purpose of enrolling in the payroll system at my full time employment identified in the Loan Application but I use the ITIN, issued by the IRS and I confirm that this ITIN is the only government issued identification number, to report all my taxes for the income generated at my full time employment. I have furthermore, provided an official copy of my Tax Return Transcript (through the use of the [IRS form 4506T](#)) from the IRS in order to authenticate my official use of the ITIN number with the full name that appears on my passport from my country of origin.
